PROFESSIONAL SUMMARY

Graphic Designer and Email Template Developer with 7+ years of combined experience across MIS reporting, government project coordination, and front-end email development. Proven track record designing 50+ responsive HTML email templates and digital assets while maintaining accurate MIS data systems and reporting for 500+ beneficiaries across government (DDUGKY, TNSDC) and corporate (Voya) projects. Skilled in HTML5, CSS3, JavaScript, and Adobe Creative Suite, with consistent success managing multi-project workloads and meeting SLA deadlines within Adobe Workfront.

TECHNICAL SKILLS

Front-End & Email Development: HTML5, CSS3, JavaScript, Responsive Email Design, Cross-Browser and Email Client Compatibility

Design Tools: Adobe Photoshop, Adobe Illustrator, Adobe InDesign, Adobe After Effects, Adobe XD, Adobe Workfront, Figma, Canva

Other: Project Coordination, MIS Reporting, Video Editing, Social Media Content Creation, Personal Branding

WORK EXPERIENCE

Software Developer / Graphic Designer — Email Template Designer, RR Donnelley

Feb 2024 – Present

Chennai, Tamil Nadu

- Designed and developed 50+ responsive email templates, flyers, and brochures for digital and print, following Voya brand guidelines.
- Managed 10–15 concurrent projects using Adobe Workfront, coordinating tasks and workflows with cross-functional teams.
- Delivered 100% of assets within defined SLA timelines while handling multiple projects simultaneously.

MIS | Graphic Designer, Elysium Technologies Private Limited

Mar 2021 – Feb 2024

Madurai, Tamil Nadu

- Maintained MIS data systems and reporting dashboards for 3 years, improving reporting accuracy and turnaround time.
- Prepared and formatted 100+ reports, presentations, and official documents to support project and client requirements.
- Coordinated with cross-functional teams across multiple projects to ensure timely and accurate data reporting alongside design deliverables.

Project Coordinator / MIS — Graphic Designer, Coodu Trust

Nov 2018 – Feb 2021

Dindigul, Tamil Nadu

- Managed and maintained data systems for 2 major government projects (DDUGKY and TNSDC), ensuring accurate and timely reporting for 500+ beneficiaries.
- Designed posters, reports, and official documents for government training programs, supporting outreach to multiple districts.
- Supported branding and communication materials alongside MIS reporting, improving document turnaround time.
